5:00 - 6:00 PM

HAGERTY HALL 180

Born in the city of Calgary, in Alberta, Canada, Professor Pulleyblank is one of the world's most respected and influential scholars in Chinese linguistics and Chinese history. During his long and productive career dedicated to sinology that spans sixty years, Professor Pulleyblank has published widely on Chinese history, Chinese historical linguistics, and general linguistics.

With respect to Chinese linguistics, his research and publications - in both articles and books - have had immense impact in shaping the ideas of his peers and of later generations of scholars researching in Chinese linguistics, especially in Chinese historical phonology and classical Chinese grammar.

As our special invited guest and speaker who has graciously accepted our invitation to join in celebrating NACCL's 20th anniversary, the Proceedings of the Twentieth North American Conference on Chinese Linguistics will be dedicated to Professor Pulleyblank, in honor of his eighty-fifth birthday, which he celebrated last August.

All are welcome to attend. For information, please contact:
